Designed structural features of projects in concrete, pre-cast concrete, masonry, steel, wood, and joist structures.

**Education** 1998-1999 Northern Virginia Community College Springfield, VA  
**A.A.S. Information Systems Technology**

1979 - 1983 University of Illinois, Urbana-Champaign Urbana, IL

**BS. Civil Engineering**

**Major Projects Pipeline and Hazardous Materials Safety Administration**

Provided consulting services to facilitate the multi-stakeholder, Protecting Transmission Pipelines team of the Pipelines and Informed Planning Alliance, provided regulatory support for the periodic update to technical standards rulemaking and wrote procedures and provided audit support for the State Pipeline Safety Grant Program.

**Honors and Award**

AGA Bronze Award of Merit, 2007

Washington Gas Light Exceptional Effort Award, 2001, 2003

Summa Cum Laude, Northern VA Community College

Chi Epsilon, Civil Engineering Honor Society

**Memberships**

Gas Piping Technology Committee, GPTC

Society of Gas Operators, SOGO

**Industry Presentations  
and Publications****AGA Operations Conferences**

*Impact of Cove Point LNG on the Washington Gas Distribution System*

*GEOP D-1 Appendix O, System Planning Manual Template – Co-author*

*System Planning Survey Report – Co-author*

*Variables Affecting Peak Hour Factor*

**Advantica's TEAM User's Conference**

*Load Approval Process in LDC's*

*Automating the Model Build Process*

**Certification**

**Professional Engineer-In-Training, Illinois**
